

CHALLENGER BASEBALL SPONSORSHIP

There is a little boy with developmental disabilities who has always wanted to hit it out of the park like his favorite player. There is a young woman who always wanted to challenge herself at the plate and laugh with friends on a warm summer night. Challenger Baseball, the largest special needs league in the country, makes these dreams come true. This year, we're hoping you will bring your heart and resources to our league so we can continue to grow and welcome the largest free gathering of special needs players in the country.

TEAM SPONSORSHIP

Our teams are free for all players. They receive a free hat and jersey, a final game at NBT stadium, a free end of year banquet for the team and their families and a trophy for every player. For children who have never played in a team sport, this trophy symbolizes the accomplishments and friendships they have made over the summer.
